BRETT
Dear ~~Mr. Murray~~,

I want to personally thank you for participating with us in a first for Barrie – the Team Barrie Trade Mission to Calgary.

Our intent of the Team Barrie Trade Mission was to support our local industries in developing strategic investment and trade opportunities in Alberta's thriving economy, resulting in gains back to our community through wealth and job creation.

Your effort and contribution to the Mission have exceeded all expectations and are already paying dividends back to our community. Contracts have been signed, leads have been generated and we have gotten to know each other and our businesses better, resulting in more opportunities to leverage our synergies and talents to drive business in Barrie.

The quality of talent, goods and services represented by your organization and all participating organizations positioned Barrie as an investment ready city complete with quality people and world-class business in all facets of the Mission and especially at the Global Clean Energy Congress and Exhibition. We have already been approached by one green energy company we met with on the convention floor who are looking at Barrie to establish their eastern Canadian presence.

Thank you for making YYC 2011 a success and for your commitment to strengthening Barrie. Please continue to share with us your successes, so that we can help you share them with the community and beyond. I look forward to future opportunities to engage with Team Barrie 2011!

Sincerely,

Jeff Lehman
Mayor

**THANKS FOR COMING TO YYC
GREAT TO GET TO KNOW JEBCO!**
